Module Aims

The Individual Project provides the final year student with the opportunity to develop investigative skills and the ability to present a coherent project. Specifically, to investigate in detail a particular area or topic in accounting and or finance.

Outline Syllabus

Any area of accounting and or finance approved by the supervisor

Module Learning Outcomes

On successful completion of this module, students will be able to...

- 1
 - a. Critically review a topic through documentary research
 - b. Deepen your knowledge and understanding of a particular topic in one of the above mentioned fields
- 2 Use a range of research skills, including searching academic sources, interpreting and analysing data, and evaluating theories and methodology.
- 3 Present a coherent, comprehensive and clearly-written report.

Learning, Teaching and Assessment Strategy

Research is developed with meetings with staff to advice on project execution.

Throughout Stage 3 you will have a series of meetings with your supervisor, totalling 3 hours, working towards the development of the project of 4,000 words which should be submitted at the end of Semester 2,

The project should demonstrate that you thoroughly researched the appropriate theories, literature and methodology in a specific topic in accounting or finance selected by you.

Mode of Assessment

Type	Method	Description	Length	Weightin g	Final Assess'
Summative	Coursework	Individual Assignment	0-4000 words	100%	Yes
