Occurrence	Location/Period
BDA	University of Bradford / Full Year (Sept - Aug)

Module Aims

1. To enable students to apply knowledge and experience gained in the taught component of the course to a relevant topic or project. 2. To provide awareness and understanding of different approaches to management research and experience of dealing with practical issues in conducting a major research project

Outline Syllabus

As part of the process of completing the dissertation students are expected to produce a research proposal in semester 2b prior to embarking on the project, utilising the knowledge and skills from the Research Methods Workshop. This prior is reflected in the marking scheme for the project

Module Learning Outcomes

On successful completion of this module, students will be able to...

- 1 Knowledge of research methods and processes, together with deepening of knowledge in a particular area of management
- 2 Skills in key research tasks such as empiricism, data analysis, judgement and writing to deadlines
- 3 Skills in self-management and motivation

Learning, Teaching and Assessment Strategy

Students are expected to devote some 600 hours of personal study to the project with the assistance of a member of the academic staff
