Module Aims
To research and write a detailed, critical, state of the art review targeted at your chosen specialism. The topic and scope of review will be agreed in advance with a panel of tutors.

Outline Syllabus
Introduction to module with tutorials to support learning. Present a substantial piece of independent work.

Learning Outcomes	
1	Appraise a major aspect of research in your chosen area.

2	Locate, access, analyse and critically review material in a topic at the forefront of the discipline.
3	Construct well-reasoned arguments and evaluate diverse source material.

Learning, Teaching and Assessment Strategy

During small group tutorials and in discussion with module tutors students will identify and plan suitable topics for the assessment. During Directed Study hours students are expected to undertake reading to consolidate and expand on the content of formal taught sessions; research and prepare for assessments; revise material from formal taught sessions; and undertake specific elements of reading as directed.
