Module Aims
The aim of this module is to enable you, to write a dissertation, to develop the capacity to conduct independent and advanced research under limited supervision. To facilitate the undertaking of an in-depth study, on a subject related to the law and of practical application relevant to their area(s) of interest.

Outline Syllabus
Dependent on topic.

Learning Outcomes

1	Conduct independent and advanced research under limited supervision, this can be data led or follow a black letter law approach.
2	Evidence detailed and systematic knowledge and understanding of the area of law which is the subject of the dissertation.
3	Produce a substantial piece of research which displays originality in its application of knowledge, together with a mastery of research, analytical and writing skills.

Learning, Teaching and Assessment Strategy

Based on your approved dissertation proposal you will be allocated a suitable supervisor. You will undertake 8 hours of introductory workshops.

A total of 20 hours supervision time is allocated, out of which three hours is intended to be used as one-to-one contact time with the supervisor. The additional time will for your supervisor to review your work and provide feedback. You will work large ly on their own, and you are expected to initiate and maintain regular contact with your supervisor. Your supervisor will give guidance on the agreed dissertation proposal, provide guidance on methodology and methods as well as to provide feedback on your work as you go through the module.

Supported coursework submission encouraging the student to conduct original research.
