Learning Outcomes

1	1a Critically evaluate and analyse major brand management issues; 1b Understand the differences between product and corporate branding; 1c Evaluate and compare different theoretical perspectives on key aspects of corporate marketing
2	2a Research, justify and analyse trends in brand management at the national and international level. 2b Evaluate the corporate marketing strategy of a particular organisation using Balmer's AC2ID test and REDS2 Process; 2c Make practical recommendations for improving an organisation's corporate marketing activities within a specific budget and time frame.
3	Demonstrate enhanced skills in research, analysis and rhetoric

Learning, Teaching and Assessment Strategy

You will learn about brand management theory and concepts by attending and participating in classes. This will include attending guest lectures in which practitioners will share their experience-based knowledge of brand management. Tutorials, which encourage discussion and participation, will develop your understanding of the theory and its application through the use of problems and case studies. You will achieve LO's 1, 2, and 3 by preparing for tutorials, and these are assessed by a summative portfolio-based report at the end of the module. Oral formative feedback is given during tutorials and written feedback is provided after the assessment period upon completion of the summative assessment.

Mode of Assessment

Type	Method	Description	Length	Weighting
Summative	Coursework	Individual Report (4000 words)	-4000 words	100%

Please note:

This module descriptor has been published in advance of the academic year to which it applies. Every effort has been made to ensure that the information is accurate at the time of publication, but minor changes may occur given the interval between publishing and commencement of teaching. Upon commencement of the module, students will receive a handbook with further detail about the module and any changes will be discussed and/or communicated at this point.
