Learning Outcomes

10	Demonstrate an understanding of knowledge and critical awareness of altered health, physiology and pathophysiology to inform your management of minor injuries and illnesses.
12	Deal with complex issues both systematically and creatively, making sound judgement in the absence of clear data in the context of normal anatomy and physiology, and in the context of abnormality to inform the basis of identifying differential diagnoses.
20	Deal with complex issues both systematically and creatively and make sound judgements with application to the formation, execution and evaluation relating to an evidence-based plan of care.
21	Demonstrate a systematic understanding and critical awareness of urgent care referral pathways.
22	To evaluate critically current policy and guidance and apply knowledge of Urgent Care processes for children/young people or adults in a variety of care settings.
30	Demonstrate decision making in complex situations.
31	Demonstrate initiative and personal responsibility in independent learning.

Learning, Teaching and Assessment Strategy

Research informed key lectures will deliver core content; providing students with the opportunity to acquire knowledge and develop conceptual understanding (LO 1- 3.1). Seminars and group learning will be used to facilitate teacher/learner/ peer dialogue and inter-professional discussion and further develop and challenge conceptual understanding (LO 1- 3.1). Directed study provides students with the opportunity to undertake reading, participate in enquiry-based learning, address individual learning needs and contextualise learning to the student's own area of practice (LO2, 2.1, 2.2 & 3.1). VLE will be used to provide access to online resources, lecture notes & external links to websites of interest. Labs and practicals will be held, if appropriate, to acquire new skills.

Formative assessment and feedback at individual tutorials, meetings and through electronic communication will facilitate reflection and student self-assessment. LO1, 1.2, 2, 2.1, 2.2 are assessed by Mode of Assessment 1. LO 2.1,3, 3.1, are assessed by Mode of Assessment 2.

Mode of Assessment				
Type	Method	Description	Length	Weighting
Summative	Coursework	Essay	-2500 words	100%
Summative	Clinical Assessment	Achievement of pass in competency outcomes in practice document	Pass/Fail	%
