Module Aims
To introduce firms' investment and financing decisions in both national and international settings. To provide an understanding of the fundamentals of building investment portfolios. To equip with practical knowledge and understanding of the functioning of foreign exchange markets. To analyse both international and national investment strategies

Outline Syllabus
The foreign exchange markets and the international monetary system; determination of the spot and forward exchange rates; determinants of foreign exchange rates: parity conditions, asset approach and balance of payments; forms of foreign currency exposure (economic, transaction and translation) Diversification and risk reduction; Mean-variance analysis; Capital asset pricing model; Risk and risk aversion; Bond and Equity Valuation; International Financing; Active Portfolio Management; Evaluating Fund Performance

Learning Outcomes	
Outcome Number	Description
01	Assess how investment and financing decisions are made by firms and investors in both national and international contexts.
02	2a) Make quantified foreign and domestic currency financing and investment decisions. 2b) Recognise the practical limitations of applying theoretical concepts. 2c) Have an understanding of and how finance investment decisions impact on business.
03	Appreciate that different strategies may be required in different business circumstances.

Learning, Teaching and Assessment Strategy
Knowledge disseminated in online lectures on the theory and practice of finance and investment decisions (LO 1, 2a, 2b, 2c, 3) this is then supported and reinforced by both online and face-to-face tutorials based on set work where oral feedback is given (LO 1, 2a, 2b, 2c, 3) Feedback is given via on-line copy of tutorial solutions, through the assignment feedback sheets and on request through discussion of performance. The coursework is a practical application case study using real world data. (LO 1, 2a, 2b, 2c, 3)

Mode of Assessment				
Type	Method	Description	Length	Weighting
Summative	Coursework	Individual Coursework (3500 words)	N/A	100%

Please note:

This module descriptor has been published in advance of the academic year to which it applies. Every effort has been made to ensure that the information is accurate at the time of publication, but minor changes may occur given the interval between publishing and commencement of teaching. Upon commencement of the module, students will receive a handbook with further detail about the module and any changes will be discussed and/or communicated at this point.
