Tutorials	6
Directed Study	164

Availability	
Occurrence	Location / Period
BDA	University of Bradford / Semester 2
ONA	College of Banking and Financial Studies / Semester 2

Module Aims
To introduce the key concepts of business and personal taxation. To gain exemption from the primary taxation exams of professional accounting bodies (ACCA, CIMA, ICAEW), and as a primer for the latter stages of professional institute accounting exams. To train you in the key technical skills of calculating solutions to complex tax problems.

Outline Syllabus

The syllabus is in line with ACCA CIMA Tax papers and will cover the following topics:
Income tax and income from employment; rent and mortgage income; fringe benefits and non-pecuniary advantages; company cars and allowances; personal capital gains and investment changes; Inheritance Tax and tax planning.
PAYE and national insurance contributions.
Trading income and Corporation Tax; capital allowances; trading losses and the offsetting of tax payable; Advanced Corporation Tax and payment dates; dual taxation.
Value Added Tax, trade tariffs and import/export duties.

Learning Outcomes

Outcome Number	Description
01	Understand and demonstrate a knowledge of the principles of business and personal taxation.
02	Understand and evaluate the mechanisms for calculating taxable charges under a range of normal situations.
03	Develop skills in tax planning and computation.

Please note:

This module descriptor has been published in advance of the academic year to which it applies. Every effort has been made to ensure that the information is accurate at the time of publication, but minor changes may occur given the interval between publishing and commencement of teaching. Upon commencement of the module, students will receive a handbook with further detail about the module and any changes will be discussed and/or communicated at this point.
