

Module Details	
Module Title	General and Ocular Pharmacology
Module Code	OPT5006-B
Academic Year	2021/2
Credits	20
School	School of Optometry and Vision Science
FHEQ Level	FHEQ Level 5

Contact Hours	
Type	Hours
Lectures	18
Interactive Learning Objects	15
Seminars	1
Practical Classes or Workshops	3
Directed Study	153

Availability	
Occurrence	Location / Period
BDA	University of Bradford / Academic Year

Module Aims
To provide students with an introduction to the general principles of pharmacology and processes in pathology using ocular examples. To stimulate an understanding of ocular drug pharmaceuticals and their use in the primary care role of the optometrist.

Outline Syllabus
General principles of pharmacology. Factors affecting drug responses. Autonomic pharmacology. Pharmacology of the major classes of ocular drugs. Processes of general pathology. General pharmaceutical term, drug nomenclature. Preparation of signed orders for ophthalmic drugs Diagnostic stains, drugs used in diagnostics and therapeutics. Ocular drugs used in primary optometric care. Drugs used in secondary eye care. The laws pertaining to the supply and use of ocular drugs in the U.K.

Learning Outcomes	
Outcome Number	Description
01	Describe the role of pharmaceutical agents in optometric practice.
02	Explain the mechanisms of action of ocular drugs.
03	Analyse clinical information and select appropriate pharmaceutical agents.
04	Work together in small teams.
05	Improve accuracy of data recording, analysis and interpretation.

Learning, Teaching and Assessment Strategy
This module is based on a lecture series, practical sessions and computer simulation.

Mode of Assessment			
Type	Method	Description	Weighting
Summative	Computerised examination	Closed book unseen computerised examination based on semester 1 + 2 material (2 Hrs)	100%
Summative	Laboratory Report	An electronic portfolio which provides evidence of active engagement with the Seminar and Workshop sessions (PASS/FAIL	0%

Please note:

This module descriptor has been published in advance of the academic year to which it applies. Every effort has been made to ensure that the information is accurate at the time of publication, but minor changes may occur given the interval between publishing and commencement of teaching. Upon commencement of the module, students will receive a handbook with further detail about the module and any changes will be discussed and/or communicated at this point.
