Module Aims
To develop further understanding of external accounting reports, in particular their analysis, evaluation and the regulations and policies governing their preparation. The module introduces the idea of the social responsibility of corporations and those who prepare financial statements, and discusses the wide range of corporate stakeholders whose rights and needs should be addressed with justice and fairness.

Outline Syllabus

A typical syllabus will cover:

- * Public accountability through published financial statements.
- * Regulation of accounting disclosures through International Financial Reporting Standards.
- * Profit recognition and the growth of value-based measurement.
- * Creative accounting and earnings management.
- * Accounting for tangible non-current assets.
- * Accounting treatment of goodwill and other intangible assets.
- * Concepts of depreciation and asset impairment.
- * Accounting for inventories and contract work in-progress.
- * Fair value accounting and accounting for provisions.
- * Accounting for equity - share capital; share premium; reserves.
- * Accounting for cash flows.
- * Accounting for investment/group accounting/consolidation.
- * Interpretation of financial statements to assess operational performance and position of companies.

Learning Outcomes

Outcome Number	Description
01	Be conversant with the form and significance of external accounting reports, and the principal concepts and regulations underlying their preparation.
02	Prepare and interpret accounting reports and be able to evaluate the usefulness of external accounting information
03	Have your refined analytical, presentational, group work and time management skills

Learning, Teaching and Assessment Strategy

Concepts explored in lectures, practiced in tutorials and demonstrated through the closed book examination.

Cognitive and personal skills developed in open-ended problem solving, working in small groups supported by tutors.

Oral feedback given in tutorials. Written assignment will assess the application of practical skills to the module's knowledge base.

This module has a pre-requisite of AFE4005-B.

Mode of Assessment

Type	Method	Description	Weighting
Summative	Examination - Closed Book	Examination Closed Book (3 Hrs)	100%

Please note:

This module descriptor has been published in advance of the academic year to which it applies. Every effort has been made to ensure that the information is accurate at the time of publication, but minor changes may occur given the interval between publishing and commencement of teaching. Upon commencement of the module, students will receive a handbook with further detail about the module and any changes will be discussed and/or communicated at this point.
