Occurrence	Location / Period
BDA	University of Bradford / Academic Year

Module Aims
To demonstrate competency in working within scope of practice and safely and effectively undertaking a wide range of radiographic examinations.

Outline Syllabus
Using safe systems under guidance, personal development planning, accountability and scope of role.

Learning Outcomes	
Outcome Number	Description
01	Demonstrate responsibility for own learning needs and plan opportunities for personal development to reach appropriate level of competency for their scope of practice.
02	Manage all aspects of care and safety for patients undergoing a wide range of radiographic examinations recognising their scope of practice within the multidisciplinary team.
03	Manage and perform a wide range of high quality radiographic examinations, optimising and effectively using associated equipment, and working within protocols and guidelines.
04	Evaluate clinical situations and information within their scope of practice, demonstrating accountability and awareness of when to seek advice from a registered practitioner.

Learning, Teaching and Assessment Strategy
Clinical placement will support students to undertake a wide range of radiographic examinations using a variety of X-ray and image processing and display equipment under the supervision of an appropriate registered health care professional using safe systems of work under appropriate guidelines, protocols and legislation. Portfolio of evidence assessed on a pass/ fail basis.

Mode of Assessment			
Type	Method	Description	Weighting
Summative	Coursework - Portfolio/e-portfolio	Portfolio (Must Pass)	100%

Please note:

This module descriptor has been published in advance of the academic year to which it applies. Every effort has been made to ensure that the information is accurate at the time of publication, but minor changes may occur given the interval between publishing and commencement of teaching. Upon commencement of the module, students will receive a handbook with further detail about the module and any changes will be discussed and/or communicated at this point.
