

Faculty of Management, Law and Social Sciences
Division of Social Work
Programme Specification
Programme title: MA Social Work

Academic Year:	2018/19
Degree Awarding Body:	University of Bradford
Partner(s), delivery organisation or support provider (if appropriate):	
Final and interim award(s):	[Framework for Higher Education Qualifications (FHEQ) level 7] MA Social Work Postgraduate Diploma Social Care Postgraduate Certificate Social Care
Programme accredited by (if appropriate):	The Health and Care Professions Council (HCPC)
Programme duration:	2 years full-time
QAA Subject benchmark statement(s):	Social Work
Date of Senate Approval:	March 2004
Date last confirmed and/or minor modification approved by Faculty Board	January 2017 April 2018

Introduction

The aim of our MA programme in Social Work is to provide students with a professional work qualification at Master level if they already hold a first degree. The programme therefore offers both academic and professional outcomes. Academic outcomes available are the Postgraduate Certificate in Social Care, Postgraduate Diploma in Social Care and Master in Social Work. The professional status of social worker is conferred by the HCPC and successful graduates of the MA Social Work award alone are eligible to register with the HCPC as a qualified social worker.

We offer a well-established programme with a national reputation for producing high calibre workers. A large proportion of our students are in employment within three months of graduation and many go on to become leaders within the field of social care. Our programme is designed, managed and delivered by a Programme Management Board that includes practice placement agencies, students, lecturers and practitioners. Stakeholder involvement ensures that our programme maintains a dynamic, outward-looking approach towards social work education with a clear

focus on the needs of service users. The following groups and organisations play an active part in the life of the programme:

- **Employers:** We have long standing, productive partnerships with Bradford, Calderdale and Wakefield Children and Adult Services, Barnardo's (West Yorkshire) as well as other local and regional voluntary organisations.
- **Service users:** User involvement is vital to the life of our programme and is an area we are committed to expanding. At the present time users are employed as module teachers and guest speakers; are involved in local action-based research; co-run local and national conferences; and provide advice on programme design, delivery and assessment.
- **Students:** We seek feedback on every aspect of the programme including: placement provision; module content and teaching; programme management and design.
- **Lecturers:** The majority of lecturers are qualified social workers with substantial practice experience. We work within a strong team ethos that ensures all lecturers are involved in the management and running of the programme.
- **Practitioners:** Social Work Practitioners are involved in: teaching and assessment of practice placements; teaching within the academic setting; monitoring placement standards and interviewing programme applicants.

The MA in Social Work programme has been approved by the Health and Care Professions Council (HCPC) and endorsed by The College of Social Work (TCSW) and meets the HCPC Standards of Education and Training (SETs) and Standards of Proficiency (SOPS) and TCSW Professional Capability Framework (PCF).

Programme Aims

The programme is intended to:

- Develop the ability to understand and manage the professional role and responsibilities of social work within legal and policy frameworks;
- Develop a critical ability to consider relevant issues from different perspectives including life stage development, social and societal influences and political, economic and cultural aspects;
- Develop effective skills in professional practice including assessment, decision-making and risk management with individuals, families, carers, groups and communities;
- Develop knowledge and skills to engage and communicate with service users, carers, professionals and communities effectively;
- Develop the confidence to challenge and address inequalities by applying principles of social justice, human rights and upholding social work values;
- Develop the skills of critical reflection and analysis as part of ongoing personal and professional development.

Programme Learning Outcomes

To be eligible for the award of Postgraduate Certificate at FHEQ level 7, students will be able to:

- LO1 Conduct themselves according to social work values and principles.
- LO2 Work in partnership with service users taking into account their needs, views and rights within relevant legislation.
- LO3 Demonstrate a comprehensive knowledge and a critical understanding of factors that shape identity.
- LO4 Apply social work skills and methods in response to the diverse needs of people using critical evaluation of the available evidence.
- LO5 Use initiative, judgement and authority to communicate, assess, engage and intervene with individuals, families and communities to promote independence, provide support and prevent harm, neglect and abuse.
- LO6 Share and communicate oral and written information appropriately and within relevant timescales.

Additionally, to be eligible for the award of Postgraduate Diploma at FHEQ level 7, students will be able to:

- LO7 Manage their time and workload effectively with support through supervision.
- LO8 Identify and apply in practice the principles of social justice, inclusion and equality.
- LO9 Understand how legislation and guidance serves to advance or constrain people's rights.
- LO10 Apply critical reflection and analysis to inform and provide a rationale for professional decision-making by being able to identify, distinguish, evaluate and integrate multiple sources of knowledge and evidence.
- LO11 Engage with, inform and adapt to changing economic, social, political and organisational contexts.

Additionally, to be eligible for the award of Degree of Master at FHEQ level 7, students will be able to:

- LO12 Demonstrate professional commitment by taking responsibility for their own conduct, safe practice and learning as a qualified social worker.
- LO13 Recognise, reflect on and work with competing values and ethical dilemmas.
- LO14 Take into account and challenge discrimination and oppression on a personal and institutional level.
- LO15 Operate effectively within multi-agency and inter-professional partnerships and settings within diverse organisations and contribute to the development of appropriate culturally sensitive services and organisations.

Curriculum

Year 1 provides students with knowledge and understanding of the context of social work practice and equips them with the required practice skills to undertake their first social work placement. The academic work provides an understanding of historical perspectives and contemporary issues within social work; social policy underpinning social work practice; values and ethics; communication skills; skills in assessment, planning, intervention and evaluation; social work theories and methods and the law in relation to social work practice. The first social work placement takes place during Year 1 of the programme. At the end of Year 1, students will be assessed by a panel in terms of readiness for direct practice. There will be a requirement to develop and maintain a CPD file (continuous personal and professional development) as part of this process. The programme team also offers 30 day skills preparation for practice over the duration of the programme. There will be taught input and an assessment of these skills (details will be available in the programme handbook).

Postgraduate Certificate

FHEQ Level	Module Title	Core/ Option/ Elective	Credits	Study Period	Module Code
7	Social Work Theories and Methods	CORE	20	SEM 1	SOW7009-B
7	Ethics, Professionalism and Reflective Practice	CORE	10	SEM 1	SOW7011-A
7	Interviewing and Communication Skills	CORE	10	SEM 1	SOW7012-A
7	Practice Placement Learning I	CORE	20	SEM 2	SOW7013-B

Students will be eligible to exit with the award of Postgraduate Certificate if they have successfully completed 60 credits and achieved the award learning outcomes.

THIS AWARD DOES NOT CONFER ELIGIBILITY TO REGISTER WITH HCPC.

Postgraduate Diploma

FHEQ Level	Module Title	Core/ Option/ Elective	Credits	Study Period	Module Code
7	Social Work with Children and Families	CORE	20	SEM 2	SOW7008-B
7	Social Work with Adults	CORE	20	SEM 2	SOW7007-B
7	Law for Social Work	CORE	20	SEM 2	SOW7006-B

Students will be eligible to exit with the award of Postgraduate Diploma if they have successfully completed at least 120 credits and achieved the award learning outcomes.

THIS AWARD DOES NOT CONFER ELIGIBILITY TO REGISTER WITH HCPC.

Year 2 builds upon this foundation and focuses upon the development of specialist skills with particular service user groups. At this stage there is an emphasis on the importance of autonomous learning and the acquisition of evidence-based practice. Students' academic work provides an understanding of social work skills in relation to mental health, child care, disability and work with older people skills; multidisciplinary and interagency work; research and evaluation; and reflective practice. The second practice placement takes place during Year 2 of the programme.

Degree of Master

FHEQ Level	Module Title	Core/ Option/ Elective	Credits	Study Period	Module Code
SEM 1	Interprofessional Working	CORE	20	SEM 1	SOW7010-B
SEM 1	Research Methods for Social Workers	CORE	20	SEM 1	SOW7001-B
SEM 2	Practice Placement Learning II	CORE	20	SEM 2	SOW7014-B

Students will be eligible for the award of Degree of Master if they have successfully completed at least 180 credits and achieved the award learning outcomes.

Learning and Teaching Strategy

Our programme is built around The College of Social Work's requirements for practice placements, coupled with a clear system of curriculum development as students progress through the stages of the programme. Students will undertake two assessed practice placements: the first placement in year one and the final placement in year two. The placements will be with different service user groups and one placement will allow students to undertake statutory interventions. These placements, along with the 30 days skills preparation and the teaching and learning strategies outlined below, will enable students to critically analyse and reflect on their practice and learning and to progress through their programme.

Our proven skills in teaching rest upon a commitment to clear learning outcomes, a structured system of progression, imaginative assessments and the provision of safe, stimulating learning environments. Our lecturers have a variety of specialist practice, academic and research skills as well as a commitment to providing high quality teaching and learning.

Assessment Strategy

All assessments test skills in critical analysis and reflective practice in the integration of the practice and theory of social work. Prior to starting each placement students will be assessed on their 'fitness to practice' and suitability for social work training. Students will be expected to pass their placement at the required level. If students fail the practice element of the course, then normally they will not be allowed another placement opportunity and will not be able to progress to complete the award of MA Social Work. If students fail the practice learning assignments, which are the assessed academic component of the placement, they will have one further opportunity to resubmit the revised piece of work. In Year 1, students are required to submit and pass this assessed piece of work, normally before they progress to Year 2 and before their final placement.

Other forms of assessment include: essays; individual and group presentations and exercises; video and taped practice submissions; participation in 'virtual learning' exercises and formal examinations.

Both components of the Practice Learning I module must be passed in order to proceed to Practice learning II. Teaching on the Practice Learning modules must be undertaken in tandem with the placement element.

Assessment Regulations

This Programme conforms to the standard University Assessment Regulations which are available at the link below

<http://www.bradford.ac.uk/aqpo/ordinances-and-regulations/>

However, there are three exception(s) to these regulations as listed below:

1. Students must achieve at least 40% in 180 credits to be eligible for the MA in Social Work. If they do not achieve this but do meet University progression requirements, they will be eligible for the award of MA in Social Care.
2. If students do not complete the MA in Social Work but achieve at least 40% in modules amounting to 40 credits and at least 35% in units amounting to the other 20 credits they will be eligible for the award of Postgraduate Certificate in Social Care.
3. If students do not complete the MA in Social Work but achieve at least 40% in modules amounting to 100 credits and at least 35% in units amounting to the other 20 credits they will be eligible for the award of Postgraduate Diploma in Social Care.

Only the full award of MA in Social Work will provide eligibility to apply to the HCPC to register as a qualified social worker in England.

Admission Requirements

The University welcomes applications from all potential students and most important in the decision to offer a place is our assessment of a candidate's potential to benefit from their studies and of their ability to succeed on this particular programme. Consideration of applications will be based on a combination of formal academic qualifications and other relevant experience.

The standard entry requirements for the programme are as follows:

Students are required to have substantial and relevant experience as a social care or health worker and to normally possess a relevant honours degree at 2:1 or higher or an honours degree and a postgraduate qualification which will provide them with current underpinning knowledge from psychology, sociology and social policy.

Students work experience must amount to the equivalent of at least 6 months full-time work and include experience obtained during the past two years and with vulnerable groups in Britain.

In addition students will be able to demonstrate an adequate level of literacy and numeracy. This would normally be GCSE English, and Maths grade 4 (old grade C) or equivalent and must also possess beginner level IT skills. Students will need to demonstrate a commitment to social work as a career, and provide evidence that they can be entrusted to work with vulnerable children and adults. We will also take into consideration any factors which indicate students may be unsuitable to become

a social worker. Examples include certain previous criminal convictions and episodes within their health record.

Students should talk to us if they do not fit the standard pattern of entry qualifications.

We are continually reviewing and developing our practices and policies to make the University more inclusive, but if students are disabled we may need to make some adjustments to make sure that they are not disadvantaged. We would advise students to contact the programme leader before they apply to discuss these.

Applications are welcome from students with non-standard qualifications or with significant relevant experience.
